# Report on Computerized Maintenance Management System

May 9, 2007

# Computerized Maintenance Management System

---

Engineer: JVVCD

Supplier: GBA Master Series, Inc.

Contract Award Date: March 16, 2005

Original Contract Amount: \$116,540.00

Final Contract Amount: \$124,890.00

Change Orders: Purchase additional software modules,  
Provide additional training

# Computerized Maintenance Management System

This software provides the District with the ability to track equipment, track and store preventive maintenance work, create work orders, and control parts and materials inventory.

The screenshot displays the 'Water Pump Station Inventory' application window. The title bar shows the window name and standard OS controls. Below the title bar is a toolbar with various icons for file operations and navigation. The main area contains a data entry form with the following fields:

Pump Station ID	1	Station Number	1400	Station Name	West Hills Pump Station 1
Attributes: Pumps   Inspections   WO   Custom   Comments					
Type	1	High Service Booster	Map Number	5847	
Installation Date	09/14/1976		Alt Map Number	K 16	
Flow Capacity	5000000		GPS Located	<input checked="" type="checkbox"/>	
Project Number	w85-037		GPS Date	07/23/1998	
Pipe Number			GPS Source	3	City Engineering
Pressure Zone	1	West Hills	X Coordinate	890294.34	
System	2	Distribution	Y Coordinate	2983475.34	
Address	5400	WYANDOTTE	ST		
General Location	Upper northeast quadrant of the West Hills distribution zone				
Alt Bldg No		Building Name			

At the bottom right of the window, the status bar shows 'Record 1 of 1', 'View Mode', and 'Ready...'.

# Computerized Maintenance Management System

This project included the supply, installation and training services for a Computerized Maintenance Management System in support of the General Manager's focus on preventive maintenance.
